### Tips for Managing your Targeted Move-in

- The best way to ensure your freight will be delivered to your booth during your scheduled time is to ship your freight to the Advance Warehouse.
- Machinery, uncrated items, oversized crates, and single pieces over the weight of 5,000 lbs. cannot be accepted at the advance warehouse and should be shipped directly to show site.
- All trucks delivering shipments to show site must arrive at the marshaling yard 2 hours prior to the start of the target time. Trucks missing their target time will be unloaded on a first come, first serve basis after all the trucks have unloaded during the allotted target time
- Do not schedule installation labor until after your scheduled target time.

### All booths must be occupied and completely set up by 5:00 pm on Monday, January 23, 2023.

Exceptions will be granted providing advance notification is sent to [KimDiCianni@ipc.org](mailto:KimDiCianni@ipc.org). If notification of late move-in is not submitted in advance of move-in and space is not completely set by 5:00 pm on Monday, January 23, 2023 the space will be considered abandoned and Show Management will repurpose the space as they see fit.
